

Chris Harris

Chris Harris is from a very small town in northwest Iowa called Graettinger. His hobbies include golfing, hunting pheasants and geese, along with dirt track racing. For several years he has owned his own racecar and raced weekly at the local level. Chris grew up in a family of three brothers of which, he is the oldest. His dad owns and operates a garbage collection business and his mom works at a local telecommunications office. Chris is now in his third year at the University of Northern Iowa. He was originally a Finance major, however last spring he changed his major to Graphic Communications. Chris is currently the president of the UNI Trap and Skeet Team/Club. They travel to several different universities throughout the year for competitive shooting.

Harris Graphics

Harris Graphics is a business that Chris created that provides vinyl graphics for signs, vehicles or just about any surface you can think of. After purchasing the equipment to do this last March, Chris's main goal was to provide a sticker/lettering service to racecar drivers and owners in the area. It was very hard to find quality work at a decent price, and that is what Chris is trying to provide. Other services he would like to provide are: business signs, stickers for business vehicles, and vehicle graphics. Chris's goals for Harris Graphics are to get into large format printing and screen printing along with offering a graphic design service. Chris has currently done a little bit of work to get the business name out there, and is ready to get a good foundation built for his business.
